SUMMARY

Computer Engineering undergraduate at LDRP Institute of Technology & Research, KSV with a solid foundation in AI/ML, deep learning, and full-stack systems. Published researcher with work featured on IEEE Xplore and national conferences, with hands-on experience in building data-driven and scalable solutions. Achieved finalist positions in national hackathons and winner of competitive hackathons, demonstrating strong analytical and problem-solving skills. Experienced in leading cross-functional teams, executing technical projects, and driving innovation through impactful research and development initiatives.

EDUCATION

LDRP Institute of Technology & Research, KSV <i>Bachelor of Engineering in Computer Engineering CPI: 8.01 (Till 5th Sem.)</i>	2023 – 2027 Gandhinagar, Gujarat
St. Xavier's High School, Gandhinagar <i>Higher Secondary (HSC - GHSEB) Percentage: 65%</i>	2021 - 2023 Gandhinagar, Gujarat
Sai Vidhya Mandir, Adalaj <i>Secondary (SSC - GSEB) Percentage: 82%</i>	2020 - 2021 Adalaj, Gujarat

PROFESSIONAL EXPERIENCE

AI/ML Research Intern - Project: NeuroPredict <i>IEEE EMBS Student Internship 2025 (Virtual) - AI/ML Research Intern</i>	Jun. 2025 - Jul. 2025
- Developed an AI-based model for epileptic seizure prediction using EEG signals and 1D CNN architecture - Implemented model interpretability with SHAP to enhance transparency and clinical trust	
AI/ML Intern - Project: HealthMate <i>SPS Internship (Virtual) - AI/ML Intern, AI-Based Personalized Health Advisor Using LLM</i>	Jun. 2025 - Jul. 2025
- Built a multimodal system combining EHR + wearable data to generate personalized health advice using LLMs - Designed the full pipeline: data preprocessing, contextual enrichment, and LLM-based advisory generation	

PROJECTS

Flood Detection using Satellite Imagery AISEHack (ANRF, IIT Delhi, IIITH, IBM) 	2026
Developed a deep learning pipeline using UNet++ with EfficientNet-B4 on multispectral satellite imagery for pixel-level flood mapping, leveraging advanced techniques selected as Finalist in AISEHack 2026.	
Odoo X GVP Hackathon 2026 	2026
Developed a centralized fleet management system with RBAC, real-time vehicle tracking, trip lifecycle management, and financial analytics, improving fleet utilization and operational efficiency	
InnovAltion Hackathon 2026 - 	Dec. 2025 - Jan. 2026
Developed a real-time fraud detection pipeline using XGBoost and LSTM, securing runner-up position among 185 teams	
Wellness Vivek - Smart Hospital Management System & FR 	Aug. 2024 - Dec. 2024
<i>Smart India Hackathon 2024 - MERN Stack Developer</i> Developed a MERN-based hospital management system optimizing patient flow, inventory, and hospital workflows, securing 5th position in the internal SIH round	
EduTrack - Face-Recognition Based Smart Attendance System 	2025
<i>Smart India Hackathon 2025 - Full-Stack Developer</i>	

- Built a face-recognition attendance system using deep learning with a scalable full-stack architecture (React, Node.js, MongoDB) featuring dashboards and role-based access control

RESEARCH WORK

Exploring AI's Influence on Human Thinking: Productivity, Learning & Cognitive Skills in the Age of XAI

AISTS 2025 - IEEE International Conference, Marwadi University

- Research paper **published on IEEE Xplore** and presented at IEEE International Conference on Advances in Information and Software Technology (AISTS 2025)

Enhancing Data Mining Techniques for Identifying Health Risk Patterns in Underserved Populations

NASCENT MR 2025 - Vinayaka Mission's Research Foundation (Deemed to be University)

- Published in the National Scientific Conference on Emerging Trends in Multidisciplinary Research (NASCENT MR 2025)

Book Chapter: Introduction to Internet of Things (IoT)

2025 - Accepted

Springer Edited Volume - Quantum Computing, Sensing, and Communication for IoT

- **Corresponding Author** – Chapter exploring interdisciplinary applications of quantum computing in IoT

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Student Hackathon Coordinator, MMPSRPC

Jul. 2025 - Present

M. M. Patel Students Research Project Cell (KSV) - Gandhinagar, Gujarat

- Coordinating hackathon activities, managing participant engagement, and supporting end-to-end event execution

Secretary, IEEE KSV Student Branch

Jan. 2025 - Dec. 2025

IEEE KSV Student Branch - Gandhinagar, Gujarat

- Managed and coordinated branch activities, events, and collaborations, ensuring smooth execution across the student community
- Led meetings with committee members and IEEE officials, contributed to strategic planning and execution

Vice-Chair, IEEE KSV SPS Student Chapter

Jun. 2025 - Dec. 2025

IEEE KSV Student Branch - Gandhinagar, Gujarat

- Managed chapter activities and inter-chapter collaborations, ensuring smooth execution of technical events

Documentation & Report Committee Member

Mar. 2024 - Dec. 2024

IEEE LDRP-ITR Student Branch - Gandhinagar, Gujarat

- Created technical and non-technical reports, event summaries, and official documentation for branch activities

SKILLS & CERTIFICATIONS

Skills:

- **Programming Languages:** C, C++, Python, JavaScript, React.js
- **Technologies & Tools:** Git/GitHub, Postman, SQL, MongoDB, NumPy, Pandas
- **Soft Skills:** Leadership, Teamwork, Communication, Presentation.

Certifications:

- NPTEL Certified – Database Management System (NPTEL) | Elite | 63% 
- NPTEL Certified – Python for Data Science (NPTEL) | Elite | 64% 
- NPTEL Certified – Introduction to Algorithms and Analysis (NPTEL) | Elite | 64%
- GitHub Certified – GitHub Foundations 
- Advanced Course on Green Skills and Artificial Intelligence – Edutrack Foundation & Shell (Skills 4Future Program), 2025

Achievements:

- Secured Winner position in ImpactThon 2025-26 at Kadi Sarva Vishwavidyalaya (KSV), organized by the M. M. Patel Students Research Project Cell (MMPSRPC) and sponsored by Gujarat Council on Science and Technology (GUJCOST) and the Department of Science & Technology, Government of India, and received a 50,000 project grant by M. M. Patel Students Research Project Cell
- Secured **2nd Prize** in the Poster Session at IEEE SPS Forum – IGNITE 2.0 for research on AI's influence on human cognition and learning, demonstrating strong analytical and research presentation skills
- Presented research titled "*Bridging the Disconnect: Holistic Student Dropout Analysis through Data-Driven ML*" at the GTU National Poster Competition, showcasing innovative application of machine learning for real-world educational challenges
- Achieved **1st place** in Round 1 of the IEEE Ethics Awareness and Advancement Contest (Region 10) by proposing innovative and practical solutions to complex ethical challenges in technology
- Received an acknowledgment letter for developing the IEEE KSV SB official website, recognized for technical excellence and contribution to the student community

VOLUNTEERING EXPERIENCE

Event Coordinator - ERTE 2025: Emerging Research Trends in Engineering

2025

AI for Smart Cities and Industry 5.0 - National-Level Program

- **Event Coordinator** for ERTE 2025; organized national-level program on AI applications in Smart Cities and Industry 5.0

Student Coordinator - STTP: Mathematics-Driven ML Concepts, Techniques & Applications

IEEE LDRP-ITR Student Branch, LDRP Institute of Technology & Research

- **Student Coordinator** for a five-day STTP program, led event planning, coordination, and full execution at LDRP-ITR

Volunteer - MMPSRPC-KSV Research Orientation Workshop

Dec. 6, 2024

M.M. Patel Student Research Project Cell, KSV

- Assisted in event coordination and engaged with research dignitaries on topics of research and innovation
